*"Norwegian Cruise Line is one of my top picks for families because the Splash Academy supervised kids' activity program and Entourage lounge for teens and tweens are both excellent. The larger ships have a lot of amenities like rock climbing, ropes courses, miniature golf, and sports courts so that families can play together. The shows are great and the cruise line itself has a fun easygoing personality. There are no formal nights and you aren't locked in to a set dining schedule at a table with a bunch of strangers.*

*The Bliss is Norwegian's newest ship (currently under construction) and she is designed with families and multigenerational groups in mind. The Bliss is purpose-built for Alaska and features a large indoor observatory so you don't miss a minute of the breathtaking scenery! You absolutely must have a balcony stateroom to really get the most out of sailing to Alaska. I love to start my day with a cozy bathrobe, a hot cup of coffee and a pair of binoculars on my private veranda glassing the coastline for bears or watching the water for whales!*

*This sailing will be a great last summer hurrah before the kids go back to school and I hope you will join me for an experience your whole family will treasure!" ~ Melissa*
